Basic LaTeXFormatting

Aakash Pahuja

1 Introduction

Basic formatting for LaTeX
  Bold Formatting is only applicable in curly braces.
  Italics Formatting
  <u>Underlined Text</u>

1.1 Paragraph Formatting

New paras are automatically indented.
But sometimes you don't want to indent them.

1.2 Oddities

1.3 Misquoting

This is how I would type 'single' and "double" quotes. Doesn't it look odd?
Solution is:
Now this is how I would type 'single' and "Double" quotes. I think it looks good now.
